

UltraOtic RINSE

EAR RINSE WITH PROVEN ANTIBIOFILM COMPLEX

TECHNICAL SPECIFICATIONS: A gentle and non-irritating proprietary hygiene product with MicroSilver BG™ for enhanced Antiseptic and Antibiofilm activity. The formulation provides and maintains a healthy ear canal environment in dogs and cats to help promote healing of common ear infections. Biofilm disruption enhances the antiseptic activity of the formulation.

PRODUCT DESCRIPTION: UltraOtic RINSE is indicated for the regular hygiene and/or in a protocol with UltraOtic CONCENTRATE for the management of otic conditions.

INGREDIENTS: Purified Water, Glycerin, Magnesium Aluminum Silicate, Octoxynol-10, Carboxymethyl Cellulose, Fragrance, MicroSilver 0.2%, Lactic Acid, Methylchloroisothiazolinone and Methylisothiazolinone.

SPECIES: Dogs and Cats

DIRECTIONS FOR USE: Shake well before use. Apply liberally into the ear canal. Gently massage to the base of the ear. Wipe off the excessive product on the interior of the earflap with cotton or a moistened cloth.

For routine regular hygiene use in healthy ears, apply weekly or as often as recommended by your veterinarian. For the protocol, in the management of otic conditions, flush the infected ear with UltraOtic RINSE prior to applying the first application of UltraOtic CONCENTRATE, or as directed by your veterinarian.

In the case of an uncleaned, ceruminous and/or infected ear, it is recommended to clean the ear canal first with Milytic® Otic Ear Cleanser.

WARNING: Keep out of reach of children. Wash hands after using. Avoid product contact with fabric and clothing.

PRECAUTIONS: For indicated use only. Avoid contact with eyes. If eye contact occurs, rinse thoroughly with water and consult a veterinarian. Do not use with EDTA containing products or other silver chelating agents.

STORAGE: Store at room temperature. Protect from freezing.

AVAILABLE THROUGH LICENSED VETERINARIANS ONLY

PRESENTATION: 4 oz.
